

THE GIVING TREE

The Christmas Giving Tree program will run again this year. This Outreach Program, although directed to Starfish is operated as an independent project. No tax receipts are given. New team members are added. Emergency calls from the Salvation Army to take on extra families are often received and accepted. The families receive a generous hamper and a gift of clothing and special gifts for each family member.

Cash gifts are used to pay for the food hampers, extra money is used for hydro deposits. We find that often church families will do a hamper as a Christmas project. A.C.W. has always donated the turkeys.

Please choose a tag, purchase the gift, wrap the gift and return the gift with the original tag attached. Cash donations should be left at the office or placed on the collection plate.

Thank you,

Gifts should be returned by Sunday 17 December
